Dear friend Garrison,

Was Ad Mr. Benson a Member of the Society of Friends, or not? I always supposed, when I was in Brooklyn, & for years after, that he was; but I have been told it was not so; & that he adopted the plain garb as more suitable to his tastes & feelings. This don't require more than a line or two in answer, & don't feel call'd in for anything more. But I hope to hear Mrs. G. is better.

Yr. truly

N.B. Mr. Mumford writes me that he has not received the "T. Parker Letters" — Ah, you remember you said you wd. leave (or send) to Chr. Registers office. Please forward them as soon as convenient.
